

BOMAG BVP single direction vibratory plates

Unbeatable performance – every time.

BOMAG BVP –

Consistent results every time in the 20 kN max output class.

Models BVP 10/36 and BVP 18/45.

These compact BOMAG BVP plates in weight classes up to 100 kg are the popular choice among experienced contractors for use on soils, granular materials, asphalt and block paving. These plates have been developed for users who never compromise on reliability and quality, on minor works through to major projects.

BVP models are extremely easy to handle and feature low hand-arm vibrations. They are lightweight units, safe to transport and come with a wide range of options for all-round adaptability. Well-proven petrol engines give long-life service and low running costs.

Smart design! The steering arm folds to simplify storage on warehouse shelves and for easier site-to-site transport.

An optional water sprinkler system with 7 l tank capacity for asphalt work.

Plastic mat option for block paving work.

Space-saving: fully folding steering bow provided as standard.

Transport wheels option for added mobility.

Benefits checklist:

Dependable results on light duty work with soils and granular materials...

...asphalt...

...and block paving.

Cost reductions with:

- Proven component reliability
- Dependable compaction results
- Optimum operating speed
- Lower running and service costs
- Compact transport dimensions and lower costs with folding steering bow

Higher utilisation through:

- Low machine weights
- Multiple application suitability
- Easy and safe transport
- Wide choice of options

Users throughout the world trust the BOMAG name.

The company has been part of the FAYAT Group since 2005. BOMAG has six branches in Germany, eleven independent subsidiary companies and four production units across the globe. More than 500 dealers in over 120 countries provide global distribution and service for BOMAG products.
