*YOUR TYRE
CHANGER
OF CHOICE*

HOFMANN[®] 

HIGH PERFORMANCES EASE OF USE LESS TECHNICIAN'S FATIGUE

monty® 8700 provides a superior set of tools to minimize effort and the damaging risks when working with run-flat and high performance tyres

POWERMONT™

The innovative system to mount & demount tyres

- **SAFE:** Thin mount / demount finger protects the bead from stress during mounting - Servo assisted movement of the mount / demount tool, the finger follows the rim profile and prevents damages of TPMS and valve - Integral and soft tool protection avoids rim damage
- **FAST:** Automatic synchronization of all tools positions - Fast disengage and repositioning of the mount demount tool - Standalone tool for lower bead mounting
- **EASY TO USE:** Control of the mount/demount tool's trajectory - Intuitive and simple control of the operations
- **RELIABLE:** Long lasting mount / demount tool made of steel with integrated plastic protection

DYNAMIC BEAD BREAKER

The bead breaking of choice for RFT, UHP and low aspect ratio tyres

- Precise and damage free
- Disk position synchronized by servo drive Fast & precise
- Disk pneumatic tilt - Optimum performance with sticked beads
- Ergonomic & effortless

CENTER POST CLAMP

The solution choice for light alloy wheels

- No wheel damage
- Does not require jaw protection
- Not restricted by clamping jaw maximum opening
- Faster clamping of UHP and RFT, it does not require use of the bead assist device to insert the jaws between the bead and the rim

SMARTSPEED™

smartSpeed™ continuously controls the mount/demount conditions in order to provide the optimum torque/speed combination to the motor

- **SAFE:** always the most appropriate torque to avoid interruption of the process and damages to tyre and rim
- **FAST:** automatically selects the maximum speed possible up to 20 rpm
- **EASY TO USE:** smartSpeed™ automatically sets the speed to the torque required

PNEUMATIC BEAD DEPRESSOR PBD330

The essential tool working with high performance tyres

- PBD330 keeps tyre bead into the wheel drop center for a safe and correct mounting / demounting of tyres with stiff sidewall
- The tool shape is optimized to avoid tool slippage that could damage tyres and wheels
- Tool's rear hook helps lifting heavy tyres

| Features | monty® 8700b | monty® 8700g |
|----------------------------|---------------|---------------|
| Clamping range | 12" - 30" | 12" - 30" |
| Max tyre width | 380 mm | 380 mm |
| Max wheel dimension | 47" | 47" |
| smartSpeed™ | CW 7 - 20 rpm | CW 7 - 20 rpm |
| powerMONT™ | standard | standard |
| Bead seater | n.a | standard |
| Bottom bead viewer | mirror | camera |
| Wheel lift & Tools storage | option | option |
